## Removed Equipment

Removed Equipment	Rebate	# Units Removed	Status	Size (gallons)	Energy Factor
<input type="checkbox"/> Removed electric-resistance water heater	\$250		<input type="checkbox"/> Operating <input type="checkbox"/> Failed		
<input type="checkbox"/> New home (no removed equipment)	\$250				

## New Equipment

Storage	Fuel Type	Size (gallons)	Energy Factor	Manufacturer	Model Number	Date Installed
	<input type="checkbox"/> Natural Gas					
	<input type="checkbox"/> Propane					
	<input type="checkbox"/> Solar					
	<input type="checkbox"/> Electric Heat Pump					

Tankless	Fuel Type	BTUs	Energy Factor	Manufacturer	Model Number	Date Installed
	<input type="checkbox"/> Natural Gas					
	<input type="checkbox"/> Propane					

Completed applications must include the items listed below to be processed. Please check each item:

- I have read and accept the Terms and Conditions on the reverse side of this form.
- I have attached proof of purchase and installation (e.g., invoice, contract, etc.) from contractor.

### ACCEPTANCE OF TERMS

I hereby certify that I am the homebuilder or SCE&G account owner and/or the owner of the home at which the installation occurred, that I have purchased the equipment described on this form, and that it has been installed at the indicated address. I have read the Terms and Conditions on the second page of this form and acknowledge that SCE&G may verify the information provided.

PLEASE READ THE INFORMATION ON THE REVERSE SIDE BEFORE COMPLETING THE WATER HEATER REBATE APPLICATION.

# Water Heater Rebate Terms and Conditions

## Applicant Eligibility

1. Applicants applying for a rebate for a new home must be the homebuilder.
2. Applicants applying for a rebate for an existing residence must be the SCE&G residential electric account holder or own the residence where the installation occurred for an active SCE&G residential electric account. Applicants who are not the account holder but do own the property where the service was performed may apply by including a completed IRS Form W-9, which can be found at <http://www.irs.gov/pub/irs-pdf/fw9.pdf>.

## Equipment Eligibility

1. Rebates are valid for purchased equipment. Leased equipment will not qualify.
2. All equipment must be new and must be installed prior to the submission of the rebate application. A licensed contractor must install equipment.
3. In existing residences, an existing electric resistance water heater (commonly referred to as a standard electric water heater) must have been removed and replaced with a natural gas storage, natural gas tankless, propane storage, propane tankless, electric heat pump, or electric solar storage water heater.
4. Applicants must submit a completed Water Heater Rebate Application along with itemized proof of purchase and installation receipt(s) with date of purchase within 90 days of installation. One rebate given per removed electric resistance water heater in existing residences and one rebate per home for new homes.

## Other Conditions

1. Removed equipment must be legally disposed of and must not be reinstalled in SCE&G's service territory or transferred to any other party for installation in SCE&G's service territory.
2. SCE&G's Heating & Cooling and Water Heating Rebate Program has been approved by the South Carolina Public Service Commission and may be subject to change or modification, without prior notice, at any time.
3. SCE&G reserves the right to amend or discontinue this program without notice.
4. Rebate payments will be in the form of checks and made out to the homebuilder for new homes or the SCE&G electric account holder for existing residences. Should the applicant for an existing residence not be the SCE&G electric account holder, the rebate payment will be in the form of a check to owner of the property.
5. SCE&G reserves the right to verify installation of the equipment and to inspect the installation. SCE&G shall have reasonable access to the property for such verification and inspection, prior to or after issuing the rebate, for up to one year after the rebate is issued. Should the residence not have the qualifying equipment installed (contrary to the information contained in the Water Heater Rebate Application), or if the equipment for which a rebate was paid is removed within one year after the rebate is paid, the rebate must be repaid to SCE&G.
7. Rebates will be processed approximately four to six weeks after receipt of a completed Water Heater Rebate Application and proof of purchase. Incomplete rebate forms are subject to delay or denial.
8. SCE&G does not warrant the performance of the equipment or that the equipment will result in reduced usage or demand or lower energy costs. Applicants are responsible for ensuring that equipment installed for this program meets all applicable codes, standards and requirements.

**Send your completed Water Heater Rebate Application and proof of purchase to SCE&G:**
